long format clay bricks

crest

WELCOME TO THE WORLD OF CREST LINEA...OUR PORTFOLIO OF STYLISH AND ELEGANT LONG FORMAT STYLE BRICKS.

A NEW LINE IN ARCHITECTURE

Linea is an exclusive range of bricks that brings something very different to a project. Our stunning collection is now available in a variety of colours and finishes.

These beautiful long-format bricks are just one example of the kind of 'special architectural design' bricks that we supply. If you require something a little different, we can provide the ideas and the solution.

Every effort has been made to ensure reasonable accuracy of all products shown in this brochure. The product colours shown in this publication can vary due to the limitations of the production process. With this in mind we advise all customers to view a sample of the actual product before ordering. The Crest Linea brick range is manufactured from natural raw materials and thus may be subject to slight colour and texture variations, which can also enhance their general appearance. Please consider that being a natural product our clay bricks appearance can differ in various weather and lighting conditions. Crest reserve the right to change brick styles without notice. All products are subject to availability and the company's standard conditions of sale. 01/10/2025.

CREST LINEA BRICK SELECTOR

The longer, thinner brick creates a dramatic and elongated effect which accentuates the linearity of the facade.
With over 34 brick styles and colours to choose from, our thin, atypical shape of the linear bricks makes it possible to create an unforgettable stylised linear pattern.

CREST LINEA AQUATERRA SERIES

Aquaterra, the name of the series, is derived from the basic materials water - aqua and earth or clay - é terra. By adding water, the clay can be shaped and is given its characteristic surface by a smooth mixture of water and clay.

Crest Linea Aquaterra Series

A range of eight long format bricks that lend themselves to a wide range of building applications and architectural styles, for both commercial and residential. The Linea Aquaterra bricks have a very natural finish with a softer texture. The reverse face of these bricks can also be used to good effect.

Please note: The Aquaterra range is available in solid and perforated forms with a minimum order quantity (MOQ). We often have spare packs available for small projects and feature work. Please ask for details.
