the art of brick

the Crest portfolio of high quality clay facing bricks

crest

L I N E A

Linea by Crest is an extensive range of long format bricks which brings something very different to a project. These elegant bricks are available in a variety of different colours, textures and sizes.

The stunning Charleston Blues Linea bricks featured here are just one example of the kind of 'special architectural design' products that we supply. If you have a need for something a little different we can provide the ideas and the solution.

crest

Welcome to Crest

Whether you are an architect, developer, merchant, builder or looking to self-build, we are confident that from our extensive product portfolio, you will be able to make the ideal selection of core building products from our superb range of bricks, blocks and roofing tiles all designed to compliment and enhance any development.

Established over twenty five years ago, Crest is a successful company run by those same founders who are engrained in the industry and who have a passion for what they do and we are always pleased to share this knowledge and experience with our customers. We make customer satisfaction our utmost priority, hence you can be assured of a high level of service not found too often these days.

With all orders we are able to offer a fast and efficient nationwide distribution service to all corners of the British Isles.

Within this brick brochure you will find over 100 types of clay facing bricks. In addition to what is shown here we also have a diverse range of specialist & architectural brick types together with our expert matching and bespoke brick services.

Should you not find what you are looking for here or on our website or you just require a little more information and advice, then please do not hesitate to contact us on **01430 432667**. You are also welcome to visit our showroom where you can see our inspiring range of Bricks, Blocks and Roofing Tiles first hand.

Thanks for considering Crest Bricks, we hope that we can be of service to you.

You can view even more of our brick range on our Crest website at **www.crest-bst.co.uk** Here you will find technical specifications, images and info cards for each brick.
If you have a mobile device handy you can scan the 'QR' code below and this will take you directly to the bricks section of our site. From here simply click on any brick and this will take you to a dedicated brick product page.
