The Crest portfolio of high-quality
clay facing bricks

crest

Inspirational projects created using award winning bricks and roofing tiles supplied by Crest

Crest Building Products is proud to have supplied facing bricks and clay roof tiles to Burnholme Green, the City of York Council's first zero-carbon housing development.

This landmark scheme delivers 78 high-quality homes, alongside custom-build plots, all thoughtfully arranged around generous green spaces that promote healthy, sustainable living.

Designed to meet a variety of housing needs, the development includes a mix of one to four-bedroom homes, fully accessible properties, and multigenerational homes, creating a vibrant and inclusive community for residents.

For this low-carbon project, our Byland Mixture and York Red facing bricks were selected to create a distinctive and contemporary aesthetic. The soft blend of pale browns, pink-reds and buff tones in the Byland Mixture complements the warm, textured character of the York Red, providing both visual appeal and long-term durability.

Completing the build, our H14 interlocking clay pantiles were chosen to provide a traditional roof profile with modern performance. Manufactured from premium clay to the highest technical standards, the red-brown roof tiles perfectly complement the brickwork and enhance the overall design.

Developed in collaboration with residents and designed by Stirling Prize winning architects Mikhail Riches, Burnholme Green is setting a new benchmark for sustainable housing. The use of off-site manufacturing methods has also helped reduce on-site activity and improve construction efficiency.

As part of York's wider housing delivery programme, the development contributes towards the council's ambition to provide 600 new homes across the city, with up to 60% designated as affordable housing.

We're delighted to have played a part in bringing this innovative and sustainable community to life.

The Byland Mixture and York Red Bricks

To find out how Crest can help transform your project into something exceptional or to order free brick samples, please call us on: **01430 432 667** or email: samples@crest-bst.co.uk

WELCOME TO CREST

Whether you are an architect, developer, merchant, builder or looking to self-build, we are confident that from our extensive product portfolio, you will be able to make the ideal selection of core building products from our superb range of bricks, clay pavers, aircrete blocks, roofing tiles and PV integrated solar system all designed to compliment and enhance any development.

Established over thirty years ago, Crest is a successful company run by a team of professionals who are engrained in the industry and who have a passion for what they do. We are always pleased to share this knowledge and experience with our customers. We make customer satisfaction our utmost priority, hence you can be assured of a high level of customer service.

With all orders, we can offer a fast and efficient nationwide distribution service to all corners of the British Isles.

Within this brick brochure, you will find over 200 types of clay-facing bricks. In addition to what is shown here, we also have a diverse range of specialist & architectural brick types together with our expert matching and bespoke brick services.

We are one of the UK's leading suppliers of high-quality roofing products. Whether looking to replace your existing roof tiles or in search of a beautiful option for a new build, our range is certain to offer you the perfect solution, with each tile carefully crafted to match various building types and environments.

Should you not find what you are looking for here or on our website or you just require a little more information and advice, then please do not hesitate to **contact us on 01430 432667**.

You are also welcome to visit our showroom where you can see our inspiring range of Bricks, Aircrete Blocks and Roofing Tiles plus our integrated PV Solar Tiles.

Thanks for considering Crest, we hope that we can be of service to you.

CREST CLAY BRICK SELECTOR

Crest is delighted to present our latest range of high-quality clay facing bricks. We have over 200 brick styles to choose from our inspired range.

RECLAIMED BRICKS

Crest's New Collection of Reclaimed Bricks

Crest is delighted to supply a range of reclaimed bricks to their brick collection. The new range offers a selection of buff, rustic reds and grey bricks with some lighter features to selected bricks with a variation of different textures to the surface. These bricks have bags of character, whether you're restoring a historical building, constructing a rustic façade, or seeking to add a sense of heritage to your contemporary design our reclaimed bricks offer a perfect alternative.

These versatile bricks can be used for a range of applications, from accent walls and fireplaces to outdoor landscaping and interior design. Each brick is expertly cleaned and treated to ensure durability and longevity, allowing them to withstand the test of time once again.

Sizes are approx. 220mm x 100mm x 60mm (variable) our warehouse team will be happy to send out samples.

50mm Brick Collection

Create desirable lines with Crest 50mm format bricks

Here at Crest we have a wide selection of 50mm bricks available. In fact the majority of our whole brick portfolio are available in both 65mm and 50mm. We have an extensive range of over 100 types of 50mm bricks in a wide range of textures, colours and finishes. These are ideal for both modern and traditional styles, so we are confident we'll have something to suit your build project.

WELCOME TO THE WORLD OF CREST LINEA LONG FORMAT BRICKS

The longer, thinner brick creates a dramatic and elongated effect which accentuates the linearity of the facade. With over 34 brick styles and colours to choose from, our thin, atypical shape of the linear bricks makes it possible to create an unforgettable stylised linear pattern.
